NOTICE REGARDING SCABIES IN CATTLE AND SHEEP

UNITED STATES DEPARTMENT OF AGRICULTURE,
OFFICE OF THE SECRETARY,
Washington, D. C., December 4, 1934.

Notice is hereby given that the infectious disease known as scabies exists in cattle in the following-named States of the United States: Colorado, Kansas, Nebraska, New Mexico, and Wyoming, and that scabies also exists in sheep in the following-named States of the United States: Indiana, Iowa, Kentucky, Louisiana, Michigan, Minnesota, Mississippi, New Mexico, and South Dakota.

The act of Congress approved May 29, 1884, prohibits the interstate transportation of livestock affected with any contagious, infectious, or communicable disease, and provides a penalty for its violation of a fine of not less than one hundred nor more than five thousand dollars, or imprisonment not more than one year, or both.

M. L. WILSON,
Acting Secretary.

101934—34

U.S. Dept. of agriculture. Office of the secretary.

Notice regarding scabies in cattle and sheep. 1934.
